

GAITE

GOVERNOR'S ACADEMY
Innovation, Technology and Engineering

GAITE Fall Exploratory Saturday Hosted by Thomas Nelson Community College November 7, 2009

Greater Peninsula school divisions in partnership with local businesses and the Virginia Space Grant Consortium invite you to apply for the GAITE Fall Exploratory Saturday. Students will be introduced to engineering technology through interactive hands-on activities and demonstrations. Workshop presenters include guest speakers and engineering technologists from NASA Langley Research Center, Northrop Grumman, Canon Virginia, Thomas Nelson Community College and more.

Explore engineering technology's role in exploration, manufacturing, automation, and design!

Engage in hands-on activities to build, design, and automate to solve a real-world problem.

- > Open to 75 10th and 11th grade students from GAITE partner school divisions
- > Students must apply using GAITE application form
- > Submit application to your teacher after signed by your parent/guardian
- > Lunch is provided, parent/guardian responsible for transportation
- > Parents invited to stay
- > GAITE Fall Exploratory Saturday will be held from 9 a.m. to 2 p.m.
- > For more information, contact Vikki Wismer, GAITE Director at (757) 766-1100 x313. Visit GAITE website at <http://www.nhrec.org>.

No cost to attend if selected!

Applications due to teachers by October 16, 2009.

Students notified of acceptance in early November!
