What subjects and courses do you teach?

Which courses do you teach that are part of the engineering technology pathways in the GAITE program?

Please list any recent professional development workshops or conferences you have participated in?

**I understand that by participating in this workshop, I will be part of a GAITE STEM Cohort at my school, and I will work with my STEM Cohort to develop and implement the strategies that I learned during this workshop. My school division will provide a stipend of \$450 for attending and participating in the entire workshop. Before the workshop is complete, I will work with my Cohort to develop and deliver a lesson plan for more effectively teaching STEM subjects in an interdisciplinary manner.**
